ABOUT ME

Hello! My name is Mattia Stopazzola, I graduated from the International School Of Comics in Milan in 2022 and now I'm working as a storyboard artist and 2D animator.

I've always loved drawing and growing up I approached comics, then animation, and finally storyboard.

I'm fascinated by visual storytelling, the possibility of telling something without saying, evoke feelings and emotions through images, and I'm interested in exploring the ways to do that.
